

WILL CELEBRATE ON COLUMBUS DAY

The Rev. Father Nagle of Dubuque, Iowa, will lecture in Kentucky Theater.

ANNIVERSARY OF LANDING

The landing of Columbus occurred on October 12, 1492, but Americans, prone to keep green the memory of every epoch marking event in the history of their country, have failed to give any sort of recognition to this event, without which there could have been no American republic.

The Knights of Columbus, however, preserve the memory of the great discoverer's landing by fitting celebration and this year for the first time it will be observed in Paducah.

The local council of Knights of Columbus, which was organized last October, will give a patriotic program in the Kentucky theater October 12. The Rev. Father Nagle, of Dubuque, Iowa, who is well known to Paducahans by reason of his lecture at the chautauqua, will give an address.

The program, which has not yet been completed, will be in two parts. The first will consist of musical and literary selections. The second part will be devoted principally to an address on Columbus, by the Rev. Father Nagle.

INVENTOR'S RICH DREAM ENDS

Escanaba Man, Unable to Cash Draft, Wrecks Model of Turbine.

Escanaba, Mich., Sept. 15.—James F. Devlin, the locomotive fireman who was reported to have sold a patent for a new steam turbine to the North German Lloyd steamship line for \$1,000,000, and left for the east to begin the construction of an engine, has returned. Devlin says the man who claimed to be Attorney W. J. Walch of a New York firm of lawyers refused to cash the draft which he said he had for the patent. At Fort Du Lac Devlin became suspicious and returned to Escanaba. Devlin claims he gave a demonstration of the workings of his patent before Walch and representatives of three trans-Atlantic lines, after which he destroyed the model and will not build another until he receives his price.

TENNESSEAN ARRESTED.

Charged With Inciting Timid Depositors of Hibernia Bank.

San Francisco, Sept. 15.—John Carter was arrested today in front of the Hibernia Bank, where he was exciting the timid depositors, who are continuing the run on that bank. Carter was urging the elderly women in the throng to dispose of their bank books to him, declaring that the failure of the bank was imminent. The arrest was made by Joseph Tobin, attorney for the bank.

The bank officials declare Carter was employed by enemies of the bank to spread false reports of its stability. Carter denies this. He says he is a recent arrival from Tennessee.

WINS BRIDE IN RECORD TIME.

Colorado Doctor Woos and Weds a Benton Harbor Girl in Few Hours.

Denver, Sept. 15.—Between the steps of a train and the entrance to the union depot Dr. C. O'Brien of Greeley, proposed to and was accepted by Miss Wilma Merrill of Benton Harbor, Mich., today. By the time a cabby had driven the couple to a hotel Dr. O'Brien had secured the consent of Miss Merrill to an immediate marriage. The ceremony was performed at once in St. Leo's Roman Catholic church by Rev. Father Carey. The bride has been teaching school at Missoula, Mont. She met the doctor casually one year ago, but there had been no courtship.

Kaiser Pleases Americans.

Berlin, Sept. 15.—The American army officers, including General Barry and General Duval, who have been attending the German maneuvers, returned here today. General Barry said he was charmed with the emperor's courtesy and cordiality, and that the most complete facilities had been given the observers for professional study.

Duel Fought Near Saragossa.

Madrid, Sept. 15.—Newspapers declare that the duel between General Linares, who commanded the Spanish troops at Santiago in the Spanish-American war, and Senor Soriano, editor of Espana Nueva, occurred this morning near Saragossa. Pistols were used and the conditions were particularly severe. No details of the result are given.

THEFTS ON OCEAN LINER.

Many of the Passengers Are Placed Under Suspicion.

New York, Sept. 18.—The American liner New York reached her pier with many of her passengers unconsciously under suspicion. On the way over J. S. B. Thompson, of Atlanta, reported that he had been robbed of a Swiss gold watch valued at \$1,000, and a day later J. Carroll Payne, of the same place, reported to the captain the loss of \$350. As soon as the New York could reach the wireless station a local detective agency was informed, and it had several men on the pier when the vessel arrived. They consulted the steamship officers and examined several of the employes, but no arrests were made.

WOMAN MISSING FROM HOSPITAL

Superintendent Under Arrest Pending Investigation of Many Strange Stories.

BUFFALO'S HORRIBLE MYSTERY

Buffalo, N. Y., Sept. 15.—Dr. W. W. Turver, who conducted hospitals at 717 Niagara street and Prospect avenue, in this city, is a prisoner at police headquarters, and the police are trying to unravel the mystery of the sudden disappearance of Gertrude Knight, of Philadelphia, from his Niagara street establishment, where large quantities of bloodstained clothes and bedding were found. The police were first attracted to Dr. Turver's Niagara street place on Wednesday morning, when, following a quarrel with Miss Geddes, his head nurse, Dr. Turver went through the place with an axe, smashing furniture and windows. While investigating the cause of the disturbance, the police found a bed saturated with blood and a furnace partly filled with bloodsoaked cotton.

It was learned that a patient who gave her name as Gertrude Knight, of Philadelphia, occupied the room on Tuesday. Miss Geddes, the nurse, told District Attorney Abbott that his patient left the hospital on Wednesday and took the 11 a. m. train for Philadelphia. Her testimony in this respect is partly confirmed by Mrs. Ayres, a boarding house keeper, to whom Dr. Turver sent some of his patients. She said a woman came to her place Tuesday night, and left for Philadelphia Wednesday. She did not know her name, however. While investigating the Knight case, the police learned that Edith Pinner, of Hoboken, N. J., died at the Prospect-avenue hospital September 8. Miss Pinner's body was shipped to her home at Hoboken, N. J., by Undertaker M. J. Prouty. In the last year, Prouty stated, he has buried six women and two children for Turver. It was first suspected that the Pinner woman and the woman who disappeared from the Niagara street place were the same. This theory was dismissed yesterday when a trunk found in the Niagara street hospital was opened by the police. It was filled with women's fine clothing and a bundle of letters addressed to Gertrude Knight.

CRUISER PADUCAH ENGAGED AT CUBA

Troubles Among Island Natives Delay Trip to This City to Receive Silver Service.

HAS BEEN NEAR SAN DOMINGO

Paducah, just now the center of news in Kentucky with her immigration conventions and horse shows and other enterprises, is going one better and is looming up in the war news—the present vital question of the United States and the West Indies. It is the city of Paducah in the former while it is her namesake in the latter, the "United States cruiser Paducah."

The modern little armored cruiser now at San Domingo, a short distance off the eastern coast of Cuba. If President Roosevelt twirls the big stick in that direction the Paducah will be one of the first fighters to get on the scene. Already all shore leave has been cancelled both for her officers and men. Her gunners, sailors and marines are being drilled daily in landing party tactics, although they already hold the record for target practice for the fleet of nine boats in Cuban waters.

Many of the metropolitan dailies have been publishing pictures and telling of the complement and armament of the Paducah. Besides the naval office is placing much reliance on the cruiser and crew should force be necessary to end the struggle.

Perchance, by the time the Paducah visits the city of Paducah she will be a battle-scarred veteran and her name a word in the fighting history of the country.

As a result of the little war down on the tropical isle more time is apt to be added to the already long wait before the little cruiser can visit "her home," where a \$1,500 silver set is awaiting her, not to mention the receptions, welcomes and entertainment for officers and tars alike. The old town will be their's as long as they may stay from pantry to brewery and distilleries.

In answer to a dispatch sent by The Sun to Secretary Bonaparte of the navy several months ago, asking for information as when the cruiser Paducah would be ordered to the city of Paducah, it was stated that she probably would be ordered to this city as soon as a little trouble was settled at San Domingo. Now the trouble in southern waters again is apt to cause another postponement of the visit.

The "Paducah" is one of the most popular little cruisers among the naval men. They are proud of her equipment, accommodations and gun record and name. The word "Paducah" twists the tongues of many of the old jacks, but they use it when ever an opportunity affords. As an instance among the mascots of the ship are a pair of little twin monkeys, named "Little Paducah" and "Hacudap" which is just the same when spelled backwards.

EGYPTIAN IMPORTS

To United States Now Reach Over Ten Millions.

Washington, Sept. 18.—Special Agent Charles M. Pepper, who was sent to Egypt to report upon the prospects of increased trade with that country, says the imports from Egypt have reached nearly \$10,000,000, while in return direct shipments of goods from the United States rarely exceed \$1,000,000 and in some years have fallen below \$500,000. The total foreign commerce of Egypt in 1895 was a little more than \$100,000,000. Mr. Pepper says that it will in less than five years amount to \$250,000,000, one-half of which will be imported goods. For the fiscal year 1906 this country has taken from Egypt \$9,391,621 worth of goods and has sold to that country \$1,163,128 worth. American locomotives at one time had a foothold in Egypt, and American bridge builders were in high favor, but recent shipments by English firms has led the government to purchase its supplies largely from Great Britain and Belgium.

Treating Wrong Disease.

Many times women call on their family physicians, suffering as they imagine, one from dyspepsia, another from heart disease, another from liver or kidney disease, another from nervous exhaustion or prostration, another with pain here and there, and in this way they all present alike to themselves and their easy-going and indifferent, or over-busy doctor, separate and distinct diseases, for which he, assuming to be such, prescribes his pills and potions. In reality, they are all only symptoms caused by some uterine disease. The physician, ignorant of the cause of suffering, encourages this practice until large bills are made. The suffering patient gets no better, but probably worse, by reason of the delay, wrong treatment and consequent complications. A proper medicine like Dr. Pierce's Favorite Prescription, directed to the cause would have entirely removed the disease, thereby dispelling all those distressing symptoms, and instituting comfort instead of prolonged misery. It has been well said, that "a disease known is half cured."

Dr. Pierce's Favorite Prescription is a scientific medicine, carefully devised by an experienced and skillful physician, and adapted to woman's delicate system. It is made of native medicinal roots and is perfectly harmless in its effects in any condition of the system.

As a powerful invigorating tonic "Favorite Prescription" imparts strength to the whole system and to the organs distinctly feminine in particular. For overworked, "worn-out," "run-down," debilitated teachers, milliners, dressmakers, seamstresses, "shop girls," housekeepers, nursing mothers, and feeble women generally, Dr. Pierce's Favorite Prescription is the greatest earthly boon, being unequalled as an appetizing cordial and restorative tonic.

As a soothing and strengthening nerve "Favorite Prescription" is unequalled. It is invaluable in allaying and subduing nervous excitability, irritability, nervous exhaustion, nervous prostration, neuralgia, hysteria, spasms, chorea, St. Vitus's dance, and other distressing nervous symptoms commonly attendant upon functional and organic disease of the uterus. It induces refreshing sleep and relieves mental anxiety and despondency. Dr. Pierce's Pleasant Pellets invigorate the stomach, liver and bowels. One to three a dose. Easy to take as candy.
